INTRODUCTORY.

Volume Twenty-seven of the Terre Haute City Directory is herewith presented to our patrons.

We are proud of our thirteenth issue of the Terre Haute Directory, for several reasons: 1st, It is the handsomest and most complete book we have ever issued. 2d, It has been completed in the shortest length of time since the addition of the indexing and street number directory. 3d, It shows a handsome increase in population, while other cities have been on a standstill during the hard times. 4th, That its 854 pages make a complete history of the city, far more so than any of the so-called histories that give names of only those that pay for it. We give all; rich and poor, all nationalities and colors.

Nearly one hundred persons have, in various capacities, been employed in getting out this work. Their time of employment ranging from one day to one hundred days. This does not include the twenty thousand persons that have helped by giving their information, and the business public that have given their patronage, without which the directory could not be issued.

Twenty thousand and eighty names will be found in this issue, which, multiplied by 2¼, would make our population 45,200. This is a gain since the last issue of 1,584. As we include the suburbs in our canvass, the city proper shows a population of 43,000. The census taker will be along in June, 1900, and several of the thickly settled suburbs should be taken into the city before that time, especially that part south of Hulman and west of Seventh street. Also later on Highland and Collett Park Place.

A large number of handsome residences and several business houses have been erected the past two years, and many more are in course of erection. We predict a period of prosperity and a steady increase in population for our city.

As heretofore, to advertise the city and for the benefit of our advertisers, we will place a copy of this work in every hotel within a radius of sixty miles of Terre Haute.

Thanking the public for their patronage, and hoping an increase of same for our next issue, we remain,

Very Truly,

OCTOBER 1, 1898. CHAS. O. EBEL & CO.

DIRECTORY BORROWERS.

WE RECEIVE many complaints from our patrons to the effect that they are bothered so much by **BORROWERS.** These parties are not the private citizen nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to subscribe for one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and vice versa, "everybody knows him."

P. H. MONNINGER,

Grower and Dealer in All Kinds of——

NATIVE . .

WINES . .

Vineyard at Terre Haute, Indiana.

..Established 1863..

I have now a grape which is of foreign origin, a white Traminer—it is sweet and delicious, with an excellent flavor. I have tried it for the last ten years in all kinds of weather—cold, hot, dry and wet—did not freeze at 25 degrees below zero, nor rot in the dampest weather, while all others had rotted badly, and no protection given whatever. In fact, it is the plant for our climate, for it is useless to plant anything that wont stand the climate. These grape vines I have for sale this fall. Buy them and you will never regret it. Information will be given for planting, cultivating, pruning, etc.

To those wishing to buy a PURE GRAPE WINE, I will say that I have the following wines—from one to twenty years old—for sale, namely,

Catawba, Reislings, Claret, Port, Sherry, Madeira,

SWEET AND DRY.

Also one of the most celebrated pure anti-ferment grape juices—a temperance drink—that heretofore never was known. It is as sweet and delicious as any ripe grape ever grown; will never ferment in warm or cold weather; does not intoxicate, and contains no foreign ingredient. It will cure dyspepsia, create an appetite and keep up your health. It can be analyzed by any chemist as to its purity. TRY IT and be convinced.

I will sell all the above in cases—twelve bottles to the case, five bottles to the gallon. Sold also by the keg, half-barrel and barrel.

For goods and prices in my line, address

EMELINE FAIRBANKS
MEMORIAL LIBRARY

INTRODUCTORY.

This work contains a complete list of all owners of property outside of the city of Terre Haute. We have made no distinction between the man owning a lot in one of the small villages, and the owner of a thousand acres scattered throughout the county. We also give personal tax-payers. We have not lumped the number of acres owned in each township, but have given the amount owned in each section; following each name will be found the postoffice address.

In the front part will be found a complete list of county and township officials. Following this is a complete Gazetteer of Vigo county, giving the location, description and business directory of every postoffice in the county except Terre Haute. Following this comes the alphabetical list of names. The county sectional map will be found very useful in locating the towns, townships, section numbers and wagon roads.

We desire here to thank the public for their patronage, and especially those who were instrumental in having the work published, by their liberal subscriptions.

Very respectfully,

Chas. O. Ebel & Co.,
Publishers.
